5.2 The Treasurer

5.2.1 Annual Financial Statement. Prof. Scott reported on the audited accounts for the financial year ended 31 December 2014. He remarked that for the first time, the accounts included the expenditures of the Hubs. However, they were not separately reported and complex to read. The Treasurer announced that Hub finances would be more clearly reported in future accounts. Treasurer also indicated that the Board would explore expansion of the Patron membership scheme. There were no questions from the floor. The Treasurer moved the resolution to adopt the accounts for 2014. These were adopted.

6.1 The President then moved to proposals to amend the Regulations. An explanatory memorandum had been published to all members in advance of the AGM. The President described the changes in structure and the impacts of the creation of the four Classes. The President also described the need for greater flexibility within the Board to respond to external developments and the growing activity of the AE, especially with four Hubs and active engagement in European Science Policy work. The propose changes were explained especially that creating new Vice Presidents (ex officio) would not reduce or impact on elections of Officers and such positions were tied to the term of the President. The President then moved the resolution to adopt the changes to Regulations. There were no objections and the Resolution was adopted.
5.3 The President then returned to item 5.3 of the agenda and invited the Class Chairs coordinator and Chair of the Life Sciences Class (Prof. Ole Petersen) to report on the 2014 nominations cycle. Prof. Petersen reported that the first cycle under the new Class system had operated well. There were still many improvements needed, including; the need for more individual members to nominate candidates – to any Class. The “rejection” of candidates was not a permanent decision and such a decision was not intend as an insult to candidates. Therefore it had been decided that in future, such candidates would be designated as “not elected this year”.

5.3.1 It was reported that the following had been elected by the Council at Darmstadt: Class A1 (Humanities) – 83 candidates; Class A2 (Social and related Sciences) 43 Candidates; Class B (Exact and Natural Sciences) 66 candidates and Class C 9Life Sciences) 53 candidates. All new members would be contacted and the 2015 nominations cycle would be open from 10 October until 15 March 2016. In response to a question from the floor, Prof. Petersen reported that the earlier closing date was due to the earlier AGM in 2016 (26 July).

5.3.4 Prof. Svend Erik Larsen – Chair of Class A1 (Humanities) described Class proposals for creation of a new Section – Film, Media and Visual Studies. He moved a resolution that the AGM approve the creation. This was approved.

Prof. Petersen then also proposed creation of a new Section in Class C (Life Sciences) in Clinical and Veterinary Sciences to address a significant gap in membership and to allow further re-focussing of other Sections within the Class. This resolution was adopted.

The President invited members to look carefully at the distribution of the disciplines within the Sections and to bring any serious gaps to the attention of the Section Chairs, this also covered geographical imbalances and gender issues.

The President then invited Academic Directors/representatives of the Regional Knowledge Hubs to present brief reports. Reports were made by;

- Wroclaw -Dr Ola Nowak
- Bergen – Prof. Laszlo Csernai
