

“AE-INFO” MEMBER PORTAL

Access Instruction

Members of Academia Europaea can find information about the Academy at the Academy corporate website at www.ae-info.org.

The site is an important source of information about all Academia Europaea activities such as conferences, meetings, workshops, call for papers etc.

Policy statements, president’s letter, awards, prizes and distinctions awarded to the members of the Academy are also posted at the site. Furthermore, information from other learned societies, institutions and organizations are also regularly posted.

Apart from the personal web pages of the members, the website is the entry point for:

- a) Access to the European Review:
<https://www.ae-info.org/ae/Acad Main/Publications/European Review>, the official publication of Academia Europaea
- b) Payment of the membership fees: <https://www.ae-info.org/ae/Acad Main/Payments>
- c) Nomination of new members: <http://www.ae-info.org/ae/Acad Main/Nominations>

Access to these features is only possible after identification. Each member of Academia Europaea has a unique Academy username and personal password. To login in, click on the Login button in the top right corner at Academy of Europe: Acad Main: www.ae-info.org

If you have lost your password, you can always get a new one by clicking on the “Get Password” button next to the Login button. A new password will then be sent automatically to the email address registered with the Academy.

After identification, members can also edit their contact data (affiliation, postal address, telephone number and email address) and their personal pages.
