31st ANNUAL CONFERENCE OF THE ACADEMIA EUROPAEA
AND 8th ANNUAL CONFERENCE OF THE YOUNG ACADEMY OF EUROPE

Building Bridges 2019

Academia Europaea
Barcelona Knowledge Hub
23-25 October 2019

BARCELONA, 23–25 OCTOBER 2019

Scientific Programme
Our Building Bridges logo represents a nexus that supports and connects different European cities. The bridge has the shape of a capital letter “M”. This letter is the typeset block or “typographic square” that determines the features of the rest of the letters of the same typographical family. Any new typeset begins with the design of the “M”. This letter has its origin in an Egyptian hieroglyphic symbol: a wavy line representing the sea. The Phoenicians adopted this symbol and attributed the meaning ‘mem’ or ‘water’ to it, but they placed it upright. The vertical and horizontal variants coexisted in Greek, Etruscan and, for some time, also in Latin. In Augustus’ time (63 BC–14 AD), this letter was flat and firmly grounded on three legs, similar to the way it appears and is used nowadays. Like our conference, the logo conveys bridges built among different countries, cultures, and all fields of human science and knowledge.

The IEC, CSIC Residència d’Investigadors, Ateneu Barcelonès and Norai Raval restaurant are conveniently located within walking distance of one another, in downtown Barcelona. These are accessible by Metro (subway) on the green line (L3) and also near Plaça Catalunya, where the airport shuttle bus stop is located.

The PRBB, for its part, is about a 5-minute walk from the Ciutadella-Vila Olímpica station on the Metro’s yellow line (L4), and it is also served by several city bus lines, namely the 59 and H16 lines from Plaça Catalunya. A taxi to the PRBB from the city centre is about a 10-minute ride and costs approximately 10€.
