<u>SUPERVISION OF POSTGRADUATE STUDENTS</u>

MSc	C. Bell	1964	Cholinergic transmission mechanisms in vertebrates
PhD	D.C. Rogers	1964	Comparative electronmicroscopy of smooth muscle and its innervation
PhD	G.D. Campbell	1965	Studies of the autonomic innervation of the viscera
MSc	M.J. Wood	1965	Comparative physiology of the innervation of the urinary bladders and lungs of the Jamaican toad (<u>Bufo marinus</u>) and the sleepy lizard (<u>Trachysaurus rugosus</u>)
MSc	M.R. Bennett	1965	A study of transmission from autonomic nerves to smooth muscle
MSc	H.M.R. Cooper	1965	The uses of drugs for the analysis of autonomic innervation
PhD	C. Bell	1966	Innervation of the pelvic viscera
PhD	M.R. Bennett	1967	A study of transmission from autonomic nerves to smooth muscle
MSc	S.E. Kirby	1968	A comparative study of the innervation of cardiovascular systems
MSc	J.B. Furness	1969	Electrophysiological studies of transmission at an autonomic neuromuscular junction
MSc	J.D.K. Houchin	1969	Electronmicroscope studies of the autonomic nervous system, fine structure and localisation of acetylcholinesterase
PhD	P. Robinson	1969	Studies on the fine structure of autonomic innervation
PhD	T. Bennett	1970	Autonomic neuroeffector systems with particular reference to birds
MSc	V.C. Zawalinski	1970	A study of the structure and electrophysiology of the guinea-pig ureter
PhD	J.B. Furness	1971	The innervation of the mammalian gastrointestinal tract
PhD	J.B. Hurley	1971	Comparative and developmental studies of the localisation of monoamines in the vertebrate gastro-
PhD	J.R. McLean	1971	intestinal tract Localisation of monoamines in the autonomic nervous system
MSc	A.E. Smythe	1971	Studies on the nature of transmitter substances released by non-adrenergic non-cholinergic nerves to smooth muscle

PhD	B.J. Gannon	1972	Comparative and developmental studies of autonomic nerves in visceral and cardiovascular systems
MSc	M.E. Wright	1972	Histochemical and biochemical studies of noradrenaline accumulation in smooth and cardiac muscle
PhD	J.H. Chamley	1973	Autonomic neurons and their effector organs in tissue culture
PhD	G.R. Campbell	1974	Ultrastructural studies of smooth muscles: with emphasis on factors affecting repair
PhD	C.E. Hill	1974	Tissue culture of autonomic neuroeffector systems
PhD	R.D. Purves	1975	An electrophysiological study of muscle in tissue culture
PhD	A.M. Rutherford	1975	An investigation of the purinergic nerve hypothesis
PhD	J. Heath	1975	Ultrastructural studies of the effects of chronic guanethidine treatment on sympathetic neurons
PhD	B.K. Evans	1976	Cellular effects of chronic drug administration
PhD	G.E. Mark	1977	Development of, and interactions between cultured sympathetic nerves and smooth and cardiac muscle cells
PhD	T. Cocks	1979	Purinergic innervation of smooth muscle
PhD	R. Crowe	1980	Histochemical localisation of non-adrenergic, non-cholinergic nerves
PhD	K.R. Jessen	1980	The enteric nervous system <u>in vitro</u> : cell types and some putative transmitters
PhD	C. Brown	1981	An investigation of the P ₁ /P ₂ purinoceptor hypothesis
PhD	G. Greenberg	1981	Cellular interactions <u>in vitro</u> : time lapse cinephotomicrography and electron microscopy
PhD	P. Baluk	1982	The enteric nervous system: morphology and development <u>in vivo</u> and <u>in vitro</u>
PhD	I. MacKenzie	1982	Polypeptides and ATP: putative autonomic neurotransmitters
PhD	T. Cowen	1982	Quantitative morphological studies of vessel innervation
MSc	S.G. Elsarrag	1982	Investigation of the possible trophic actions of adenosine on smooth muscle, sympathetic nerves and pheochromocytoma cells
PhD	C.J. Moody	1983	Prejunctional actions and release of purine nucleotides and nucleosides

PhD	S.G. Griffith	1983	Adrenergic, serotoninergic and purinergic regulation of vascular tone a pharmacological and histochemical study
MSc	M. Hero-Preziosi	1983	An immunohistochemical survey of intraocular neuropeptides
PhD	P. Meghji	1983	Pharmacological studies of purinoceptors in the vertebrate heart
PhD	J.M. Hills	1984	Putative autonomic transmitters and modulators: mechanisms of action, receptors and release
PhD	N.J. Buckley	1984	Autoradiographic localisation of muscarinic and purinergic receptors of the neurons and effector organs of the autonomic nervous system
PhD	C. Kennedy	1984	The regulation of vascular tone by purine nucleosides and nucleotides
MSc	A. Belai	1984	Immunohistochemical and biochemical study of the enteric nervous system in diabetic rats
PhD	L.A. Meldrum	1984	Purinoceptors in neurotransmission, co-transmission and neuromodulation
PhD	C.H.V. Hoyle	1986	Autonomic neurotransmission and neuromodulation with the emphasis on purinoceptors
MSc	M.D.A. Stanley	1986	Autonomic neurotransmission
MSc	K.I. Maynard	1987	Immunohistochemical and pharmacological investigations of the peptidergic innervation of the rabbit ear artery and A preliminary study of the effect of x-irradiation on its innervation
PhD	M.J. Saffrey	1987	Localization of putative neurotransmitters in the enteric nervous system during development <u>in vitro</u> and <u>in vivo</u>
PhD	C.J.S. Hassall	1987	Intrinsic cardiac neurones and associated cells in culture
PhD	J.J.I. Warland	1988	The role of ATP in the regulation of vascular tone
PhD	H.E. Moss	1988	Autonomic control of the urinogenital organs in man and animal models of diabetes
PhD	W.M. Reilly	1988	Adrenoceptors and purinoceptors in caecum and portal vein
PhD	A. Belai	1989	Localization and release of monoamines and neuropeptides in normal and diabetic gut
PhD	V.L. Saville	1989	Vascular neurotransmission - involvement of purines and peptides 3

PhD	J.L. Ellis	1989	Neuromodulation of autonomic cotransmission
PhD	V. Ralevic	1989	Local control of vascular tone by perivascular nerves and endothelial cells
PhD	T.G.J. Allen	1990	Electrophysiological studies of intramural neurones from the mammalian heart and airways
MD	A. Jackowski	1990	Pathophysiological mechanisms in subarachnoid haemorrhage
PhD	S. James	1990	Autoradiographic localization of receptors in the periphery
MD	C.R. Chapple	1990	The importance of neural factors in the presentation and treatment of prostatic obstructions
PhD	A.L. Stewart-Lee	1991	Local control of vascular tone by perivascular nerves and the endothelium: changes after X-irradiation and in atherosclerosis
PhD	A.L. Brizzolara	1991	Dual control of blood flow by perivasccular nerves and endothelial cells: changes in development, atherosclerosis and acrylamide neuropathy
PhD	L.A. Corr	1991	Peptidergic, purinergic and adrenergic neurotransmitters in the control of the coronary artery
PhD	K.I. Maynard	1991	Local neural and endothelium-mediated control of the rabbit central ear artery: changes with chronic nerve stimulation, X-radiation and acrylamide poisoning
PhD	M.C. Mione	1991	Plasticity of perivascular nerves
PhD	J.A. Aberdeen	1991	Perivascular nerves: changes in ageing and disease
PhD	X. Bo	1992	Characterization, localization and solubilization of P_{2X} -purinoceptors
MSc	C. Balaskas	1993	Colocalization of NADPH-diaphorase with nitric oxide synthase and vasoactive intestinal polypeptide in neurons of embryonic and perinatal chicken gastrointestinal tract
MD	R.W. Stones	1994	Local vascular control in the human ovarian circulation
PhD	A.J. Vials	1994	Local control of coronary vascular resistance
MD	P.J. Hamlyn	1994	Subarachnoid haemorrhage
PhD	K.A. Kirkpatrick	1994	Release of adenosine 5'-triphosphate as a cotransmitter with noradrenaline from the sympathetic nerves innervating the rat and guinea-pig vasa deferentia 4

PhD	E.M.M. Tew	1994	Transplantation of enteric ganglia and intestinal smooth muscle into the adult rat brain
PhD	G.E. Knight	1995	A comparative study of purinoceptors in some invertebrates and vertebrates
PhD	V. Höpker	1995	Trophic actions of myenteric plexus explants on striatal neurons in cell culture
PhD	M. Afework	1995	Distribution of nitrergic nerves in the rat adrenal gland: plasticity in aging and disease
PhD	A. Sexton	1995	Local control of human umbilical vessel tone
MPhil	S. Ashraf	1996	Ultrastructure and perivascular innervation of blood vessels in human colorectal liver metastases and two animal models
PhD	M.M. Brauer (Overseas Candidate)	1997)	Age-related changes and plasticity of the autonomic innervation of the female genital tract
PhD	M. McMillan (Joint Supervisor Prof.S.G. Howarth)	1998	The role of purine receptors in the control of pulmonary vascular reactivity in the normal and hypertensive newborn piglet
PhD	P. Karoon	1998	Local control of vascular tone: changes in hibernation, hypertension, hyperlipidemia and after sensory denervation
MD	S. Bavetta	1999	New methodologies for the treatment of experimental spinal cord injury
PhD	S.S. Wildman	1999	Purinergic signalling: Sensitisation of Recombinant P2X receptors
PhD	M. Meyer	1999	A study of the distribution and function of P2 receptors during chick embryogenesis
PhD	D. Saitongdee	2000	Cardiovascular changes during and after arousal from hibernation in golden hamsters
PhD	K.K. Dhital	2000	Perivascular innervation of cerebral arteries and vasa nervorum: changes in development and disease
PhD	A. Wong	2000	The single channel properties of native P2X ATP Receptors in the rat central nervous system
PhD	M. Liu	2001	Coexpression of recombinant P2X reeptors and their relation to ATP-gated channels in sensory neurones
PhD	R. Glass	2001	Purinergic signalling in endocrine organs: testis; thyroid; thymus
MD	V. Chamary	2001	The innervation and ultrastructure of blood vessels supplying benign and malignant colorectal tumours

PhD	S. Brown	2001	Pharmacological agents that distinguish between P2X Receptor subtypes
PhD	A. Hoebertz	2001	Purinergic signalling in bone cells
PhD	W. Norton	2002	Purinergic signalling during zebrafish development and the characterization of novel fish mutants
MD	D. Birch	2002	The perivascular innervation of human mesenteric blood vessels in health and inflammatory bowel disease.
MPhil	A. Alavi	2002	ATP and ATP receptors in human dental pulp.
PhD	B. Kalmar	2003	Neuroprotection: role of heat shock proteins and astroglia in models of neurodegeneration and neuroinflammation.
PhD	A. Greig	2003	Purinergic signalling in skin.
PhD	M. Ryten	2003	Purinergic signalling in mammalian skeletal muscle development and regeneration.
PhD	D.J.Williams	2003	The control of vascular tone in pregnancy
MD	R.C. Calvert	2003	Purinergic signalling in the urinary tract
PhD	K.K. Cheung	2004	Purinergic signalling during rat embryonic development
MD	G. Wynn	2005	The role of adenosine 5'-triphosphate in mechanosensory transduction in the rat colorectum
PhD	I. Orriss	2005	The regulation of bone cell function by extracellular nucleotides
MD	N. White	2006	Purinergic signalling in malignant melanoma
MD	F. Banks	2006	Purinergic signalling in the human urinogenital system
MD	M. Metcalfe	2007	Purinergic signalling in varicose veins and in chronic venous insufficiency
MD	M. Shabbir	2007	Effect of ATP on prostate and bladder cancer
